

## IN THE FIELD

When you're out & about you need to be connected & productive: **RuggOn** tablets to use in full daylight or wearing gloves in snow; **Kirisun** DMR radio; **Etherstack/GME** space-saving P25 radios & deployable repeaters; **PM AM Crime Disruptor**; & **JPS Interoperability** to talk to other radio types & phones.

## COMMUNICATION

Communication is essential, here are tools to do that (& tools to fix 'em, when needed). **JPS Interoperability** & SCADA security; **Digital Alert Systems** for EAS with CAP & IPAWS; **Kirisun** DMR radios; **Etherstack/GME** P25 radios & repeaters; **Smoked** wildfire detectors; **Testforce** for Viavi, Rohde&Schwarz, & Tektronix; **CableAML** for Racom microwave links.

## ADMINISTRATION

Being in charge has its own issues. Lighten the load with **PM AM False Alarm Management & Crime Disruptor**; **Equature** 100% content search (even search what's missing), QA/QI; & **911 Professional Pride** dispatcher training & skill building tools.

## DESK & DESKTOP TOOLS

Your desk & desktop are your focus, let's make them more productive. **Winsted** consoles; **Concept Seating** chairs; **RGB Spectrum** streamlines your workflow; **Equature** logging recorders; **Avtec** radio consoles.

## VEHICLES: COMMAND, PATROL, FLEET

Sometimes you need to take your show on the road. Roll without worry using: **JPS Interoperability**; **Winsted** consoles; **RGB Spectrum** for video distribution to mobile devices, across the room or across town; **Concept Seating** chairs. Routine patrol vehicles benefit from: **RuggOn** for rugged tablets, **PM AM Crime Disruptor** to know *where* & *what* crimes are likely to occur (30% accurate!). **GME** P25 radios fit in small spaces.

Proud supporters of

## AVTEC

Customizable, scalable, proven, & reliable software-based IP communications for mission-critical & business-critical environments. A Motorola solution.

## CABLE AML/RACOM

Microwave links, cellular routers, radio modems. Higher power, better quality, lower price.

## CONCEPT SEATING

24/7 heavy duty dispatch chairs. Partial footring, swing arms. Holds up to 550lbs. Bariatric chairs hold up to 800lbs. Six-year warranty.

## EQUATURE

NG9-1-1 logging recorder for audio & video; 100% content search; tags CAD data; real time facial redaction; facial recognition; weapons detection; QA/QI, & more.

## DIGITAL ALERT SYSTEMS

EAS encoders with CAP, IPAWS, WEA, Spanish translations, & internal radios. It will be there when the internet is gone.

# *The Sales Group*

Manufacturers Representative  
303.359.3488 Karen@TheSalesGroup.com

A manufacturers representative saves you time, energy, & money. A local contact with many solutions. If you're in Colorado, Utah, or Wyoming, I've got you covered.

## ETHERSTACK/GME

Smallest portable networkable P25/analog repeater & smallest form factor P25 mobile radios.

## JPS INTEROPERABILITY

Interoperability gateways; receiver voters; SCADA security; & more.

## KIRISUN

Cost effective conventional or trunking DMR radios; body cams; PoC radios; analog radios.

## PM AM

Recover costs of responding to false alarms (90%+); use your CAD data to provide more accurate predictive policing recommendations (Accuracy: 70% macro, 30% micro).

## RGB SPECTRUM

Improve your workflow. Streamline & distribute your video information. One-to-many. Many-to-one. Many-to-many. Use one keyboard & one mouse to work on multiple PCs & networks.

## RUGGON

Ruggedized tablet computers & MDT's for in-vehicle use. Available in Win 7/8/10, Linux, Android, iOS, & segmented hard drives.

## Smoked BY IT FOR NATURE

Early wildfire detection & notification. Machine learning, artificial intelligence deep learning, & infrared technology give you reliable fire alerts in near real time.

## TESTFORCE

Rohde&Schwarz & Tektronix test equipment: Handheld spectrum analyzers from 4Ghz to 31Ghz; handheld oscilloscopes; vector network analyzers; directional power sensors; power supplies.

## WINSTED

Command consoles & technical furniture with Greenguard Gold Certification. From design to installation we help you create the most functional dispatcher station or control room.
